

**Ecosystem Science  
and Management  
Career Fair**

**February 18, 2021**

*A Virtual Event*

Welcome to our thirteenth annual career fair and our first virtual one!

Thank you to all the exhibitors. Without you, this event would not be possible. Your presence and support are very much appreciated.

Thank you to all students and alumni who are taking this opportunity to make career connections. Without you, this event would not be possible. We wish you success in your career endeavors.

We ask all participants to provide an assessment of today's event by completing a survey that will be sent to you after its conclusion. We welcome your feedback and comments.

Thank you for being part of the ESM Career Fair.

Ellen Rom  
Coordinator of Undergraduate Programs  
and Alumni Relations

## **Peace Corps**

[peacecorps.gov](http://peacecorps.gov)

Peace Corps is a catalyst for grassroots international development and cultural exchange powered by volunteers ready to use their energy, ingenuity, and skills to work towards reducing inequality and creating opportunities in communities around the world.

Each year, Peace Corps volunteers – American citizens like you – are invited by over 60 countries to build relationships, live as part of a community, and work on projects that are unique, but united in a shared purpose. You can make an investment in our world – one handshake, one project, and one friendship at a time – while growing your career and sharing the experiences that define you.

- Seeking students in Forest Ecosystem Management, Wildlife and Fisheries Science, BioRenewable Systems, Environmental Resource Management, and other disciplines
- Seeking M.S., and Ph.D. candidates as well
- Seeking applicants for volunteer opportunities

Representative:

**Andrew Maguire** – *Recruiter*

## **Penn's Cave & Wildlife Park**

[www.pennscave.com](http://www.pennscave.com)

Penn's Cave & Wildlife Park is located 18 miles East of Penn State/University Park. Situated on 1600 acres, we are the only all-water cave in Pennsylvania, and one of only three all-water caves in the entire USA. Penn's Cave also remains a working farm operation and features native North American wildlife during our separate farm-nature-wildlife tour experience.

Listed on the National Trust for Historic Preservation, Penn's Cave will be celebrating our 186th year as a show cave. Our agri-tourism destination hosts visitors of all ages and from diverse backgrounds. Our mission remains to entertain while educating our highly valued customers.

- Seeking students in Ag and Extension Education, Biology, Earth Science, Education, History, Forest Ecosystem Management, Wildlife and Fisheries Science, Environmental

Resource Management, Forest Technology, Wildlife Technology, and other disciplines

- Seeking applicants for summer positions or internships, and fixed-term and seasonal positions; all are paid positions and offer a comprehensive training program

Representative:

**Terri Schleiden** – *Human Resources Director*

## **PA DCNR Bureau of Forestry and Bureau of State Parks** [dcnr.pa.gov](http://dcnr.pa.gov)

DCNR's mission is to conserve and sustain Pennsylvania's natural resources for present and future generations' use and enjoyment while inspiring citizens to value their natural resources, engage in conservation practices and experience the outdoors.

The Bureau of Forestry manages more than 2.2 million acres of state forest lands to provide ecosystem management, to retain the wild character and maintain biological diversity while providing pure water, opportunities for low-density recreation, habitats for forest plants and animals, sustained yields of quality timber, and environmentally sound utilization of mineral resources.

The Bureau of State Parks manages 300,000 acres for outdoor recreation opportunities including hiking, picnicking, camping, fishing, hunting, boating, and wildlife watching. The state parks also serve as outdoor classrooms for environmental education.

- Seeking students in Forest Ecosystem Management, Environmental Resource Management, Forest Technology, Wildlife and Fisheries Science, Wildlife Technology, and Recreation, Park, and Tourism Management
- Seeking M.S., and Ph.D. candidates as well
- Seeking applicants for summer positions, seasonal positions, and permanent positions

Representatives:

**Brittany Rothermel** – *Human Resource Analyst*

**Martha Wilson** – *Recruitment Specialist*

## **SavATree**

[savatree.com](http://savatree.com)

SavATree attracts top talent by providing extensive opportunities for ongoing professional development and advancement. As the fastest growing tree, shrub and lawn care company in the industry, our team members enjoy robust and rewarding career paths.

SavATree is a licensed and accredited tree, shrub and lawn care company that has been providing landscape stewardship to residential, commercial, and municipal properties throughout the country since 1978. We are proud to be the official tree care provider on many historic and prestigious properties throughout the country. Our company was founded on the concept of maximizing landscape health and beauty while utilizing the least intrusive, most environmentally friendly products and practices available. SavATree is dedicated to our customers, team members, the environment, and the communities we serve.

Over the last thirty years, we have opened new offices across the country, and we are looking for people who want to grow with us.

- Seeking students in Forest Ecosystem Management, Environmental Resource Management, Forest Technology, Wildlife Technology, and other disciplines
- Seeking applicants for summer positions or internships

Representative:

**Brian Brunsch** – *Arborist*

## **Shaver's Creek Environmental Center**

[shaverscreek.org](http://shaverscreek.org)

Shaver's Creek is committed to extending Penn State's Outreach mission of instruction, service, and research. Through quality programs, we teach, model, and provide the knowledge, values, skills, experiences, and dedication that enable individuals and communications to achieve and maintain harmony between human activities and the nature systems that support all living species.

- Seeking students in Forest Ecosystem Management, Wildlife and Fisheries Science, Environmental Resource

Management, Forest Technology, Wildlife Technology, and other disciplines

- Seeking students for summer positions, fixed-term positions, and volunteer opportunities

Representatives:

**Jason Beale** – *Program Director, Animal Care*

**John McShea** – *Program Director, Communications*

**Joshua Potter** – *Assoc. Director, Operations/Communications*

## USDA APHIS Wildlife Services

[usda.gov](http://usda.gov)

The mission of USDA APHIS Wildlife Services (WS) is to provide federal leadership and expertise to resolve wildlife conflicts to allow people and wildlife to coexist. WS conducts program delivery, research, and other activities through its regional and state offices, the National Wildlife Research Center and its field stations, as well as through its national programs.

- Seeking students in Wildlife and Fisheries Science and Wildlife Technology
- Seeking applicants for future opportunities; no current openings

Representative:

**Tony Roland** – *District Supervisor*

## USDA Forest Service

[fs.usda.gov](http://fs.usda.gov)

Our mission: To sustain the health, diversity, and productivity of the nation's forests and grasslands to meet the needs of present and future generations.

Our purpose: The ultimate answer to why we do what we do. Everything we do—across our broad and diverse agency—is intended to help sustain forests and grasslands for present and future generations. This is the purpose that drives our agency's mission and motivates our work.

To advance our mission and serve our purpose, we balance the

short- and long-term needs of people and nature by working in collaboration with communities and our partners; providing access to resources and experiences that promote economic, ecological, and social vitality; connecting people to the land and one another; and delivering world-class science, technology, and land management.

- Seeking students in Wildlife and Fisheries Science, Forest Technology, and Wildlife Technology
- There are always vacant positions being advertised across the nation. Visit [USAjobs.gov](https://www.usajobs.gov) to see what is available. Look at job series 0401, 0404, 0460, 0462, 0482, and 0486. You can also use terms like forestry tech, recreation tech (0462), biological scientist (0401), biological tech (0404), forester (0460), fisheries biologist (0482), or wildlife biologist (0486)

Representative:

**Joe Gomola** – *Supervisory Forester*
