

Manager Trainee

Baillie lumber company has several openings for **Manager Trainees** at our various locations. Locations include: Ohio, New York, Pennsylvania, Kentucky, Wisconsin, Virginia, North Carolina, and South Carolina. These locations are sawmills and concentration yards responsible for manufacturing hardwood lumber. The position would consist of working and learning several different jobs around the facility. Baillie has utilized our trainee program over the last 40 years as our greatest talent pipeline, and as the company continues to grow, more and more managers are needed across the country.

Job duties include:

- Working with Kiln Operator learning kiln schedule and assisting him on his/her day to day routine
- Learning how to grade hardwood lumber
- Occasionally traveling with a salesman or buyers to be exposed to where our lumber comes from and goes to.
- Working on a projects that either reduces cost or increases production at the facility
- Working directly with the Yard Manager to learn the daily operations of the facility, and his/her day to day task.

Position is salaried with a yearly bonus with full benefits, including a company matched 401K.
