Leaf Collection Requirements

1. Collect at least twelve species. One species per page. At least one entire leaf should be used, but at times you may wish to use as many as three or four per page.

2. On each page include all of the following in this order:

   A. Common name  
   B. Scientific name  
   C. Simple or compound leaves

   An example:  
   A. Red Maple  
   B. Acer rubrum  
   C. Simple leaf

3. All tree species must be native to Pennsylvania. Ornamental leaves, species of shrubs and fruit trees should be avoided.

4. Broad leaf trees should be used, do not use "pine" trees.

5. Up to three "extra credit" leaves may be used. These leaves should be placed at the end of your collection. The same information must be supplied for these leaves as for those required. The first 12 leaves will be graded as required.

Suggestions

1. Make your collection as neat and attractive as possible.

2. A photo album may be used to hold your collection.

3. Pick leaves of "common" trees.

Grading

This project is worth 130 points. Grades will be determined as follows:

1. 48 points for the correct identification of common names. (4 points per leaf)
2. 48 points for the correct information for your answers to B and C from above (2 points for the scientific name and 2 points for the leaf type).

3. 24 points for the general appearance of your collection.

4. The grading sheet must be included as the first page in your collection. (10 points)

5. Each extra credit leaf will be worth 1/2 as much as each required leaf. (A total of 4 points per leaf.)
### LEAF COLLECTION GRADE

<table>
<thead>
<tr>
<th>Common Name Scientific Name</th>
<th>/48</th>

<td>/10</td>
</tr>
<tr>
<td>Extra Credit</td>
<td>/0</td>
</tr>
<tr>
<td>Total Points</td>
<td>/130</td>
</tr>
</tbody>
</table>

You must complete the chart on the back of this sheet. A check will be placed in the appropriate location if points were missed for that leaf.

This form **MUST** be placed in your collection.

Leaf Collection Appearance
Rubric

24 points Leaves are neatly displayed and are flat on the page. All leaves are whole with no pieces missing.

21 points Leaves are neatly displayed and with most flat on the page. Most leaves are whole with few pieces missing.

18 points Leaves are somewhat neatly displayed, only some are flat on page. Some leaves have pieces missing.

15 points Leaves are not neatly displayed. Most are not flat on the page. Most leaves are torn and have pieces missing.

12 points Leaves are not neatly displayed. No leaves are flat on the page. All leaves are torn and have pieces missing.
