

Tree Identification

<p>Opposite Leaves</p>	 An illustration of a stem with two pairs of opposite, ovate leaves. The leaves are light green with prominent veins, set against a dark brown background.
<p>Alternate Leaves</p>	 An illustration of a stem with several alternate, ovate leaves. The leaves are green with visible veins, set against a light green background.
<p>Entire Margins</p>	 An illustration of a single green leaf with a smooth, entire margin. The leaf is set against a light blue background with a white spiral pattern.
<p>Lobed Margins</p>	 An illustration of two leaf outlines with lobed margins. One is a simple outline, and the other is a more detailed outline with serrated edges. They are set against a tan background.
<p>Toothed Margins</p>	 A photograph of a green leaf with serrated, toothed margins. The leaf is set against a blurred background.
