

Yard or Mill Summer Internship

Baillie Lumber Co. has several openings for summer internships at their various locations. Locations include: Galion, OH, Smyrna, Boonville, Owego, Allegany, Cayuta, NY, Titusville and Everett, PA, Leitchfield, KY, Montezuma IN, Cove City, NC, Donalds, SC, and other Eastern US locations.

These locations are large concentration yards responsible for kiln drying hardwood lumber. The internship would consist of working and learning several different jobs around the yard. Internships will be at least 8 weeks and can stretch the entirety of summer.

This position would be paid and possibly provide housing assistance if needed.

Various jobs candidates would work or learn doing the summer include:

- Working with Kiln Operator learning kiln schedule and assisting him on his day to day routine
- Working with Lumber Inspectors learning how to grade lumber
- Working on a project that either reduces cost or increases production at the facility
- Filling in for various employees who are on vacation in the summer months
- Check out what past interns had to say! <http://www.baillie.com/internship>.
