

AgMap

Promoting Pennsylvania Agriculture

BigStockPhoto

What is AgMap?

AgMap is Pennsylvania's agricultural network that helps farmers and businesses advertise their services and products. Consumers can find local producers and suppliers of unlimited agricultural commodities and services. AgMap offers information about much more than traditional farm services and products! The searchable database includes listings for fresh fruits and vegetables, lawn and garden supplies, landscape and nursery specialists, Christmas trees, and much, much more!

There's more on AgMap!

Visit AgMap today to discover the exceptional variety of agricultural products and services available right next door.

Why join AgMap?

- It's free
- Advanced, easy-to-use search capability
- Simplified communication between producers and the agricultural service industries
- Worldwide visibility of your business through the Internet

- Unlimited ways to classify your business and make it stand out among others
- Secure login to add, edit, and update your information at any time
- Links to your personal website, email, and Facebook
- Add business images to your individual AgMap pages
- Interactive mapping shows business location
- Individual business page statistics track visitors
- Unlimited, free classified ad postings for enrolled businesses and organizations

Who is developing AgMap?

AgMap is being developed by Penn State Extension in collaboration with and support from Sustainable Chesapeake.
